12V LED

12Vdc

SURFACE MOUNTED, HIGH EFFICIENCY LED FIXTURE

The Bali Linear LED is suitable for applications inside furniture, cabinets and retail displays and can be mounted vertically or horizontally. Bali comes in four lengths and is available with Emotion technology and can be ordered with or without an integrated touch switch.

PRODUCT CHARACTERISTICS

- Standard in four lengths with customized lengths available
- Warm White (3000K) and Cool White (6000K) in one fixture using a standard driver. Also available in 4000K
- Emotion technology allows for variable temperatures between Warm White and Cool White using optional accessories
- Good color rendering >80
- High efficiency with 100 Lm/W for Emotion and 84 Lm/W for 4000K
- Anodized Aluminum finish
- Wood mounting clips included
- Attached 3M (118") cable

SUITABLE APPLICATIONS

- Retail Displays
- Cabinet Interiors
- Under Cabinet
- Casework
- Shelving
