Beautifully Crafted, Confident Support

877.353.8899

Union Jack Countertop Support

[illegible]

Welding Technique:

All gusseted support welding is hidden from the face of the bracket. Plug welding is done on the reverse side to give a clean and sleek look.

Material Thickness:

1/4"

Material Types:

304 Stainless Steel

1008 Cold Rolled Steel (Raw)

Finish Types:

Electrostatic Powder Coat Painting

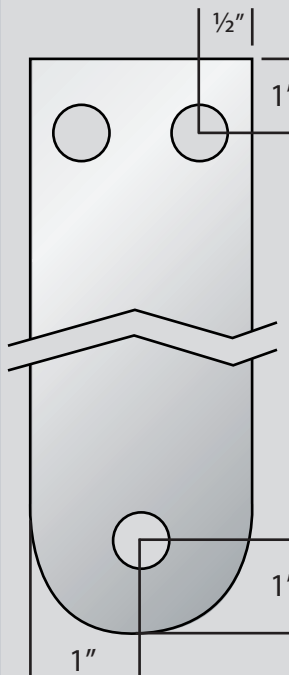

Antique Bronze Painting

Bracket Width:

2" flange width

Holes Specification:

Straight Holes to accommodate 1/4" screws/bolts

Double Holes (usually top):

1" from Bracket Bend

1/2" from side of Bracket

Single Hole (usually bottom):

1" from Bracket Bottom

1" from side of Bracket

(2 holes - 1/2" from side of Bracket)

Center Holes (16x16 and larger):

Center of the flange (length/2)

1/2" from side of Bracket

(1" from side if single hole)

All holes are measured from edge of bracket or bend to the center of the hole.
